

2 x 2

THE SIMPLE PROGRESSION OF NUMBERS

Can you find 2 people who want to purchase the best Health and Nutritional products in the world and . . . train them to find 2 people to do the same ?

KEEP IT GOING . . . $2 \times 2 \times 2 \times 2 \times 2 \times 2 \dots$

THE PROGRESSION OF NUMBERS . . .

HOW TO GET YOUR PRODUCTS FOR **FREE** . . . AND EARN EXTRA **INCOME** !

STEP 1

- Buy 100 points (BV) of Isagenix products in any combination each month.

EXAMPLE:

1 Shake / day for breakfast, lunch, or supper	2 Canisters of Shakes = 50 pts
1 oz of Ionix Supreme / day	1 Bottle Ionix Supreme = 25 pts
1 oz of Cleanse / day or 2 one-day cleanses in a month	1 Bottle Cleanse = 25 pts
	<hr/>
	TOTAL = 100 pts

STEP 2

- Now tell **2** people ~ and ask them to repeat this info to **2** people . . .
- After doing this **4** times . . . **30** people have been contacted ~ and joined as members
- Each buys 100 pts a month ~ which comes to \$6 / day or \$180 / month

NOW LET'S SEE THE NUMBERS . . .

- 30 people x 100 pts each / month = 3000 pts
- Every time we accumulate 900 pts (600 on one side and 300 on the other) Isagenix awards us with a cycle. Each cycle is valued at approximately \$54.
- $3000 \text{ pts} \div 900 \text{ pts} = 3.33 \text{ cycles} \times \$54 / \text{cycle} = \text{\$180 a month}$ = cost of 1 month of product

YOUR PRODUCT IS NOW FREE !

KEEP ON GOING . . . 2 X 2 X 2 X 2 X 2 X 2 . . .

WHAT HAPPENS WHEN WE GO TO THE NEXT LEVEL . . . AND REPEAT THE PROCESS **5** TIMES ?

- After doing this **5** times . . . **62** people have been contacted ~ and joined as members
- Each buys 100 pts a month ~ which comes to \$6 / day or \$180 / month
- 62 people x 100 pts each / month = 6200 pts
- $6200 \text{ pts} \div 900 \text{ pts} = 6.88 \text{ cycles} \times \$54 / \text{cycle} = \text{\$372 a month}$

LET'S DO THIS AGAIN . . . REPEAT THE PROCESS **6** TIMES !

- After doing this **6** times . . . **126** people have been contacted ~ and joined as members
- Each buys 100 pts a month ~ which comes to \$6 / day or \$180 / month
- 126 people x 100 pts each / month = 12,600 pts
- $12,600 \text{ pts} \div 900 \text{ pts} = 14 \text{ cycles} \times \$54 / \text{cycle} = \text{\$756 a month}$

JUST IMAGINE WHERE THIS CAN LEAD . . .
